

## EZ Build 3D Wooden Pumpkin • Set of 6

### Here's What You Get!

6 Wooden Pumpkin Pieces with Stalk on top and Slit from bottom.

6 Wooden Pumpkin Pieces without Stalk and Slit from top

### Let's Get Started:

1. Give every child one of each Pumpkin shape.

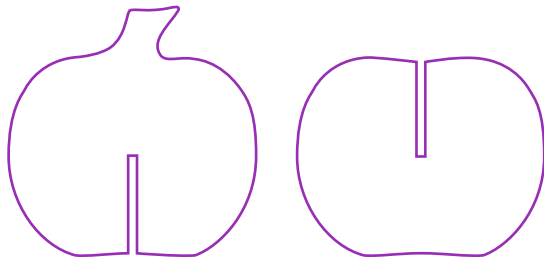

Figure 1

2. Talk to the children about painting and decorating each Pumpkin shape to their own liking. The Pumpkin shapes can be painted and decorated before or after being joined together. If painted while lying flat, be careful to keep paint build-up to a minimum where the joining slits are located to allow for easy assembly.
3. After the children are finished painting and decorating, allow the paint to dry.

4. Line up the two Pieces of the Pumpkin and slide the two Pieces together.

5. Decorate the Pumpkins more if necessary.
6. Display the Pumpkins for everyone to enjoy!
