

# Tap & Write

## CVC Words

### Set of 120 Cards

### Instructions

This Tap & Write CVC Words activity includes three differentiated card sets: orange, green, and purple. Students have fun naming the CVC picture, tapping out the sounds in the word, writing in the missing letter(s) that they hear, and lastly, reading the whole CVC word.

#### Step 1:

Decide which set of cards you want your student(s) to work on. The sets increase in difficulty based on the amount of letters missing.

Orange Set = CVC words with 1 missing letter\*

Green Set = CVC words with 2 missing letters\*

Purple Set = CVC words with 3 missing letters

\*Missing letters in this CVC words set rotate between the initial, medial, and final positions to ensure well-rounded practice.

#### Step 2:

Decide if you want multiple students or a single student to work on this activity. Provide your student(s) with desired cards and a dry erase marker to complete this activity.

#### For multiple student use:

Remove your desired cards from the ring and place in a basket at the center of their work area. Students reach in and pull out a Tap & Write CVC card to work on. Students keep working in this fashion.

#### For single student use:

Cards can stay on the ring. Let students flip through and complete independently.

Enjoy!
